

About the Institute

Bharati Vidyapeeth's Jawaharlal Institute of Technology is one of the premier Institutes in Diploma Engineering Education in Pune. With the vision "To be the leading institute for imparting quality technical education and skill development having continuous interaction with industry, alumni and professional bodies" the institute strives to be the excellent technical institute.

The Institute offers 3 years diploma in Chemical Engineering, Computer Technology, Civil Engineering, Electrical Engineering, Electronics & Telecommunication Engineering and Mechanical Engineering.

Civil Engineering, Computer Technology, Electrical Engineering and Mechanical Engineering programs have been accredited by **National Board of Accreditation** for three years.

About Department

Department of Electrical Engineering was established in the year **1987**. The department was accredited in 2019 by **NBA** for three years. The spacious infrastructure, well equipped laboratories, enthusiastic students and academically qualified and principled faculty members are the salient features of the Department. We have a very good industry institute rapport which proves instrumental for our students in placements, industrial trainings, educational visits, etc.

VISION

Empowering the students with quality technical education and hands on skills to serve industry and society

MISSION

M1: By providing effective education and imbibing theoretical knowledge with practical skills in the field of Electrical Engineering

M2: By contributing for social transformation enhancing the personality of the students with leadership qualities, managerial expertise and social awareness

M3: By bridging the gap between technological advancements and academics through partnership with industry, professionals and alumni
